

2010 Partnership Convention Limericks

We knew that we must be persistent
In making provision consistent
They key may be whether
we stand strong together
As funding becomes non existent

There was a cool guy called Dave Guest
At MC'ing he is the best
He's kept the day flowing
And got us all going
So here's a calendar from CVS

We've been together now for ten years
We've had laughter and yes a few tears
We're now WiganLife, and partnerships rife
So let's give ourselves three big cheers

I'm holding the ring at my table,
I've just about been able,
Because they all talk a lot,
But at least the talks hot,
And based on real dreams, not fable.

My name is Dave, did I mention
this is the 10th Wigan Partnership Convention
We've a busy day planned
but you will have help at hand
So there's no need for fear or apprehension.

We came to the Borough Convention
Full of the best of intentions
We came out with ideas
Ringing loud in our ears
And too many new friends to mention.
